SAFETY

When we have lightning and/or thunder, we have to stop the lessons for everyone's safety. Our drill is set out in the Contract, so we won't repeat it again here. We do not cancel a whole session, because sometimes a storm passes over fairly quickly, and we are able to resume after only missing a couple of lessons or so. Other times it can be several hours before we can get back in the water again. We have no way of knowing what the progress will be, but when we resume we will include those swimmers who have been kept waiting, up until normal closing time for the day. You're welcome to contact us should you require further clarity.

FEES

We have a number of people that pay cash into our banking account on a monthly basis. Please could we request that should you pay cash, you make use of the ADT machines at FNB as a R45 fee is levied for over the counter transactions.

Thank you for your continued support and for referring your family and friends to us!

Best wishes,
Noreen and Irene
