Dear Parents and Swimmers,

"The only difference between try and triumph is a little UMPH" by speedo.

Congratulations to Sarne, for obtaining her Todswim Certificate.

Kindly note that we do offer packages, consistent of 6 lessons, which you could make use of to start your journey to learn to swim. These packages are offered to all ages and are offered on weekdays and on Saturdays. T&C's apply.

For the month of November, we are offering these special packages at last seasons, prices. T&C's apply.

With this in mind, we also want to recommend that you ensure that your helper who looks after your most precious possession, (your child(ren)) is water safe and equipped to deal with emergencies around your home and pool. With this in mind, we can assist them with adult classes during the week and on weekends. You are welcome to contact our offices for the spaces available. Within 3 to 6 months, they could be confident enough to ensure that a possible drowning does not occur at your home.

Our caps are now available in the enclosure. Please ask the instructor to assist you. Kindly note that caps and costumes cannot be borrowed. Should your child(ren) forget their caps, a new one would have to be purchased.

Please take note that when we have **lightning and/or thunder**, we must stop the lessons for everyone's safety. Our drill is set out in the Contract, so we won't repeat it again here. We do not cancel a whole session, because sometimes a storm passes over quickly, and we are able to resume after only missing a couple of lessons or so. Other times it can be several hours before we can get back in the water again. We have no way of knowing what the progress will be, but when we **resume**, we will

include those swimmers who have been kept waiting, up until normal closing time for the day. You're welcome to contact us should you require further clarity.

Thank you for your continued support and remember to commence your swimming journey, as the water doesn't know how old you are.

Best Wishes,

Irene and Noreen
